

Thank you for choosing Clean Toe Beans Grooming to take care of your precious pet! Our goal is to make your pet feel relaxed and pampered while making them fresh and squeaky clean.

If this is our first time visiting your pet, there are a few items to touch base on to ensure we are giving them the best experience possible.

#### WHAT WE DO

We bring the salon to your space! We bathe and blow dry dogs in their own tub and bathroom, and any additional grooming will be done in the bathroom or wherever an appropriate amount of space is provided. We do our best to preserve the cleanliness of your bathroom by rinsing out and wiping down the tub and draping netting over personal belongings prior to work being done.

#### WHAT TO EXPECT

Our services are unique, we groom your pet from the comfort of their own home - we bring the salon! Many tubs are big enough to bathe dogs. We bring slip proof mats, a hair catcher to protect the drain, and if your shower head isn't detachable, a hose attachment that fits over most faucets. If your pet is getting a haircut, many bathrooms have the space needed!

#### WHAT WE NEED FROM YOU

Since we bring the salon, there are only a few things needed from pet parents for the most successful visit! 1. Space. A tub or shower stall big enough for your pet, and if your bathroom isn't large enough for other services, an additional room with appropriate space. 2. Understanding! Many pets are not used to being groomed in their own home; it may be confusing for them the first few visits! For most of the visit we would prefer a quiet, private space, but you are free to come and go to see how they progress during their groom! Please keep in mind this will make the groom take more time. Additionally, we will do our very best to leave your home with as little hair mess as possible, but we may not be able to collect all of it! 3. Finally, if there are personal belongings in the space you set aside for us, feel free to either move or consolidate them as you see necessary. We may move items to keep them clean or make the groom easier but will put the space back the way we found it! We use netting to cover what we can, but we may still make a bit of a furry mess. We will also bring our own towels, but feel free to leave out some extras if you'd like!

Below is a check list of preparations owners may make for different services. Feel free to utilize this if you find it helpful!

We understand that every home, pet, and person is different. If you have any questions or would like clarification, or if you would like to discuss further to see if we are the right fit for you and your pet, feel free to reach out!

## Checklist

### Bath

- Tub large enough to fit Pup comfortably
- Detachable shower head, or regular tub faucet for rubber hose attachment
- Consolidate/move personal items in tub (soaps, razors, cloths or loofas)
- Consolidate/move personal items around sink and toilet (toothbrushes, soaps, towels catch floating hair like a magnet!)
- Towels (optional)

### Haircut

- Area large enough to comfortably move around all sides of Pup
- Hard flooring (rugs and carpets will catch the hair and make for difficult clean up)

### Other Services

- An area that Pup will be comfortable in
- An area that can be dirtied (nail clippings and shavings, splashes of ear cleaner, etc.)
